Dear Mr.Williams;

I am herewith inclosing you Certified Certificate of death of Charles Henry Haws.

There was a mistake in the date of Mr.Haws birth. The insurance company request that this correction be made. I am sure it is no fault on the part of your office force,as I feel you made out the certificate as per copy filed with you.

Will you kindly made the necessary changes,and mail the Certificate to the Bebefit Protective Insurance Co. Pocatello,Idaho
Kindly do this at once. If any extra charges,please advise me and I'll remit.

Mr.Haws was born 1867 instead of 1866 which will make his age 68 instead of 69 Kindly change your records also,so if in case of check back they will be the same.

Thanking you very kindly for part favors,I am.

UNITED STATES STANDARD CERTIFICATE OF DEATH

STATEMENT OF OCCUPATION.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. Make some entry in this section for every person aged 10 years or over. If the deceased had retired from business, report the occupation prior to retirement. Children not gainfully employed may be returned as at school or at home. For a woman whose only occupation was that of home housework, write housewife in answer to Question 8 and own home in answer to Question 9. For a person engaged in domestic service for wages, however, designate the occupation by the appropriate terms, as servant—private family, cook—hotel, etc. For a person who has no occupation whatever write none.

To be complete, an occupation return must state:

8.—The trade, profession, or paricular kind of work done.
9.—The industry of business in which the work was done.
10.—The month and year the deceased last worked at the occupation.
11.—The number of years the deceased followed the occupation.

In stating the occupation, avoid the use of such indefinite terms as "employees," "worker," "operative," etc. Find out the particular kind of work done and return that as spinner, weaver, etc.

In stating the industry or business, avoid the use of such general terms as "store," "factory," "mill," etc. State the particular kind of store, factory, mill, etc., as grocery store, soap factory, cotton mill, etc.

Distinguish carefully the different kinds of engineers by stating the full descriptive titles, as civil engineer, mechanical engineer, mining engineer, stationary engineer, etc. Avoid the term 'laborer" when a more precise statement of the occupation can be secured. Do not use the word "mechanic," but give the exact occupation, as carpenter, painter, machinist, etc. Distinguish carefully between retail merchants and wholesale merchants. A person who sells goods should be called a salesman and not a clerk.

STATEMENT OF CAUSE OF DEATH.—Cause of death means the disease, injury, or complication which causes death, not the mode of dying, e. g., heart failure, asphyxia, asthenia, etc. As principal cause name the disease or injury causing death. As related causes, name earlier morbid conditions, if any, related to the principal cause and any important complication of the principal cause. Under other contributory causes of importance, name other important diseases or injuries. Examples:

EXAMPLE I

The PRINCIPAL CAUSE OF DEATH and related causes of importance were as follows:	Date of onset
Arteriosclerosis	1915
Chronic interstitial nephritis	1921
Cerebral hemorrhage	July 5, 1927
Other CONTRIBUTORY CAUSES of importance:	
Gallstones	May 1, 1923

EXAMPLE II

The PRINCIPAL CAUSE OF DEATH and related causes of importance were as follows:	Date of onset
Attack of epilepsy	1 week ago
Run over by street car	1 week ago
Peritonitis	3 days ago
Other CONTRIBUTORY CAUSES of importance:	
Gastroenteritis	1 year
